

Dakins *Ultimate* FEED BINS

your long term solution to healthier feeding of stock

Dakins Ultimate Feed Bins are manufactured in Christchurch by RAL Plastics from hard wearing, UV resistant Polyethylene plastic material. Special features include the smooth easy to clean inside surface with an internal rolled edge. This rolled edge prevents the loss of hard feed.

*Mark Purdon, New Zealand's leading horsetrainer has installed **Dakins Ultimate Bins** exclusively in his new state of art stables in Rolleston.*
